

Supreme Court of Texas

No. 24-0011

In re Peter Kelly,
Relator

On Petition for Writ of Mandamus

PER CURIAM

Justice Devine did not participate in the decision.

Today the Court granted relief in *In re Morris*, No. 24-0007, ___ S.W.3d ___ (Tex. 2024), holding that a primary election official has no discretion to remove a candidate from the ballot for failure to comply with Election Code Section 141.0311. For the same reason, the Court denies the requested relief in the present case.
