Supreme Court of Texas

Misc. Docket No. 25-9036

Approval of Technology Standards, Version 10.0

ORDERED that:

The Supreme Court of Texas hereby approves the attached Technology Standards, Version 10.0, effective immediately. These standards apply to documents filed electronically under Texas Rule of Civil Procedure 21 and Texas Rule of Appellate Procedure 9.

Section 4.8.3 emphasizes that Rule of Judicial Administration 10(g) prohibits a court from requiring a party to use a local form and prohibits a clerk from rejecting a properly completed form approved by the Supreme Court or an organization under its control. Other changes are outlined in section 1.2.

Dated: July 9, 2025.

TECHNOLOGY STANDARDS

JUDICIAL COMMITTEE ON INFORMATION TECHNOLOGY

Version 10.0

Released: July 2025

1 INTRODUCTION

1.1 PURPOSE

Pursuant to Texas Government Code, Chapter 77, Section 77.031, this document delineates standards for the technological needs of the judicial system. Changes to this document are effective 30 days after adoption by both the Supreme Court and Court of Criminal Appeals. This document is approved by the Judicial Committee on Information Technology (JCIT) that was created by the 74th Texas Legislature.

10.0	Added/Removed case types based on clerk feedback. Added source information on fields shown in document access. Clarified roles and permissions in document access. Clarified that courts cannot require parties to use local forms.	July 2025

1.3 **DEFINITIONS**

Attachment – any unique supporting document including exhibits and proposed orders that are not defined in Rule 21 (a) of the Texas Rules of Civil Procedure.

Case-Level Data System – the statewide case-level data system provided by the Office of Court Administration.

Digital Media – any files stored in an electronic format. This can include (but is not limited to) text, audio and video files.

Document – a pleading, plea, motion, application, request, exhibit, brief, memorandum of law, order, or other instrument in electronic form.

Document Access System – the statewide electronic court record system provided by the Office of Court Administration (currently Re:SearchTX).

DPI – Dots per inch.

Electronic Court Filing (ECF) standards – a set of non-proprietary extensible markup language (XML) and Web services specifications, along with clarifying explanations and amendments to those specifications that have been added for the purpose of promoting interoperability among electronic court filing vendors and systems.

Lead Document – a document as defined by Rule 21 (a) of the Texas Rules of Civil Procedure. If filing a single document, it is the lead document.

NARA - National Archives and Records Administration.

NIEM – National Information Exchange Model – a partnership of the U.S. Department of Justice, the U.S. Department of Homeland Security, and the U.S. Department of Health and Human Services designed to develop, disseminate and support enterprise-wide information exchange standards and processes that can enable jurisdictions to effectively share critical information in emergency situations, as well as support the day-to-day operations of agencies throughout the nation. NIEM was adopted formally by JCIT and is promulgated in data exchanges in Texas Administrative Code, Title 1, Part 8, Chapter 177.

OCA – Office of Court Administration.

OCR – Optical Character Recognition.

PDF – Portable Document Format – for the purpose of these standards this is PDF 1.4 (ISO 19005-1:2005 – Revised as ISP/NP 19005-1). This standard specifies how to use PDF for long-term preservation of electronic documents and is applicable to documents containing combinations of character, raster and vector data.

PDF Distiller – a program or application that converts files into PDF files so that the printed appearance of a document is preserved regardless of the application used to create it. This

functionality is commonly seen as "Print to PDF", "Save to PDF" or "Export to PDF". **PDF Software** – software that conforms to International Organization for Standardization (ISO) 32000-1:2008. This standard specifies standards for creating (writing), reading, displaying and interacting with PDF documents.

JCIT – Judicial Committee on Information Technology

2 System Data Exchange Standards

In accordance with Texas Administrative Code, Title 1, Part 8, Chapter 177, information exchanges that occur between the various systems (electronic filing manager, case management, document management, etc.) should occur using the current OASIS LegalXML specifications. The OASIS LegalXML specification is a subset to NIEM.

3 DIGITAL MEDIA STANDARDS

In addition to content and formatting promulgated by the Texas Rules of Civil Procedure, Texas Code of Criminal Procedure, and Texas Rules of Appellate Procedure, the following standards apply to digital media filed electronically or scanned from source records (filed after the effective date of these standards) by the clerk.

3.1 DOCUMENTS

- A. An e-filed document must be in text-searchable PDF, using fonts specified in the PDF specification, on 8.5x11 page size, with the content appropriately rotated.
- B. When possible, the document should be generated directly from the originating software using a PDF distiller.
- C. Prior to being filed electronically, a scanned document must have a resolution of 300 DPI. Preferably, scanned documents should be made searchable using OCR technology.
- D. An e-filed document may not contain any security or feature restrictions including password protection or encryption and may not contain embedded multi-media video, audio, or programming.
- E. Documents may not contain package PDF's. PDF's should not be embedded inside of another PDF. Documents may not contain embedded fonts. Each document must be a single PDF. An appellate court may require that multiple PDF documents be combined into a

single PDF document and bookmarks used to separate content appropriately. The content of the document should not depend on bookmarks.

- F. Any e-filed document filename should contain only alphanumeric characters that are part of the Latin1_General character set. No special characters are allowed and the length of the filename should be restricted to 50 characters.
- G. Once accepted, an eFiled document remains available to the filer for download for 30 days.

3.2 AUDIO/VIDEO

A. The following media players are supported (specific audio/video formats can be found on each media player's website):

a.VLC media player (VideoLAN Organization) b.Windows media player (Microsoft)

- B. When an audio/video file is natively supported by at least one media player listed in these standards, the file must not be converted into another format.
- C. If an audio/video file is not natively supported by at least one media player listed in these standards, the file must be converted to another format supported by at least one media player listed. The original, any hardware requirements, and software needed to view/hear the original must be submitted as well.
- D. If modifications are needed to enhance the native audio/video, a copy of the original must be made. The modified copy (submitted in addition to the original audio/video) must also be generated in a format supported by at least one media player listed in these standards.

4 CASE CATEGORY AND CASE TYPE CONFIGURATIONS

Below are the standard case category and case type configurations to be used in the eFiling system, Document Access System, and the Case-Level Data System for district, county court at law, probate, constitutional county, and justice of the peace courts. This list of case categories and case type configurations must be accepted in each court. Courts and clerks may not add to this configuration but may eliminate codes if not needed in a particular jurisdiction.

It is important to note that these standards only apply to the specified statewide systems and are NOT standards for a county case management or county document management system.

4.8 OTHER STANDARD ELECTRONIC FILING SYSTEM CONFIGURATIONS

4.8.1 STANDARD DOCUMENTS TO FILE

All filers will be given the following document types to file per envelope:

Display Name	Formats Allowed	Stamped?	Multiples Allowed?
Standalone Document	PDF	Yes	Yes
Proposed Order	PDF	No	Yes
Exhibits/Supporting Documents	PDF	No	Yes

4.8.2 STANDARD FILER PROCESSES

All filers using the electronic filing system must follow the standard processes when filing particular items with the court. Clerks may not return a document for correction if the filer followed the processes outlined below.

4.8.2.1 Request for Citations

When citation is needed, the filer must select "Issue Citation" as an additional service.

Preferred Clerk Implementation

- **1.** Clerk accepts the lead document and attachments and then electronically prepares the citation.
- 2. Clerk sends the citation to the filer via
 - a. The eFileTexas system as a "eServe Only" filing,
 - b. Email to the party using the email address on file.

4.8.3 ACCEPTANCE OF DOCUMENTS TENDERED FOR FILING

A clerk must accept a document tendered for e-filing unless specifically authorized not to accept the document(s) by statute, Texas Rules of Appellate Procedure, or by the Texas Rules of Civil Procedure for the reasons listed below. Texas Rule of Judicial Administration 10(g) prohibits a clerk from rejecting a properly completed form approved by the Supreme Court or an organization that reports to the Supreme Court. A clerk must accept a properly completed Guide and File form submitted through eFile Texas. Rule 10(g) also prohibits a court from requiring a party to use a local form.

Category	Reason	Authority
Sealed Documents	Documents filed under seal or presented to	TRCP 21(f)(4)

Absent extraordinary circumstances, clerks must accept, return for correction, or reject documents as so authorized on the same business day they are received by the clerk's office, and no later than the end of the next business day when circumstances make it impracticable to do so on the same business day. This standard does not require processing filings after regular business hours, on weekends, holidays, or when the clerk's office is closed.

4.8.4 REQUEST FOR CORRECTION

A clerk may request a filer to correct an e-filed document only for the following reasons. The filer will have the ability to copy the original filing, make corrections and resubmit the filing with the original file date for a period not to exceed 72 hours from the time the filing is returned for correction.

4.8.5 Designated Contact for Returns for Correction

For any document that is returned for correction, the Clerk's contact information along with the username of the person returning the filing shall be provided unless the Clerk designates

a specific person to address questions concerning returned for correction documents in which case the person's name, phone number and email address will be provided to the filer.

4.8.6 ADDITIONAL SERVICES

A clerk may offer additional services as outlined in statute that are charged in addition to any filing fees. The following additional services are allowed to be offered in the eFiling system. A clerk may choose not to offer a particular service and eliminate it from their local configuration, however, a clerk may not add a service not shown below.

If a clerk chooses to provide additional services functionality, all the services listed below beginning with (Title IV-D OAG Use Only) must be made available to the Title IV-D Agency. The Title IV-D Agency will use only these additional services.

⁴ In some counties, clerks use additional services to route money to the appropriate general ledger accounts. In these cases, clerks can use "Z-(County Use Only) – Service – Constable" additional services to route to the appropriate account. In these cases, the services listed should be associated with an existing "Service – Constable" type of additional service that the filer would normally use.

5 DOCUMENT ACCESS CONFIGURATIONS

Below are the configurations to be used in the document access system provided by OCA for district, county court at law, probate, constitutional county courts, and justice courts.

It is important to note that these standards only apply to the electronic document access system and are NOT standards for a county case management or county document management system.

5.1 ROLE DEFINITIONS AND PERMISSIONS

The following roles are defined and granted permissions for the electronic document access system:

Role Number	Name	Definition	Permissions
1A	Appellate Judges	Any sitting judge on the Supreme Court, the Court of Criminal Appeals, or the intermediate Courts of Appeals, and designated court staff.	All cases and documents statewide regardless of security. Documents in these cases are not charged
		hppouls, and designated court balli	fees.
1B	District, County and Business Court Judges	Any sitting judge in the District Courts, the County Courts, the County Courts at Law, and the	Within their jurisdiction - all cases and documents regardless of security.
		Business Courts together with associate judges and designated court staff.	Outside their jurisdiction- all cases and documents not marked "Sealed".
			Documents in these cases are not charged fees.
1C	Justices of the Peace	Any sitting judge in the Justice courts, together with designated court staff.	Within their jurisdiction - all cases and documents regardless of security. Documents in these cases are not charged fees.
			Outside their jurisdiction- Role 4A permissions apply.
1D	Visiting Judges	Any judge designated on the Visiting Judge list managed by the Presiding Judges of the Administrative Judicial	All cases and documents statewide not marked "Sealed".
		Regions.	Documents in these cases are not charged fees.
2	Attorney(s) on the Case	An attorney licensed in Texas who has made an appearance in the case, or any other attorneys, staff, paralegals, or other persons authorized by the firm.	For cases where the attorney is the attorney of record - All cases and documents statewide not marked "Sealed". Documents in these cases are not charged fees.
			All other cases – Role 4A permissions apply.
3A	Clerk Administrator	The custodian of the official record including any staff that have been given administrative access to	All cases and documents within their jurisdiction regardless of security.
		manage security for their jurisdiction.	Documents in these cases are not charged fees.
3B	Clerk	Any staff of the Clerk Administrator that have not been given access to manage security for their jurisdiction.	All cases and documents within their jurisdiction not marked "Sealed". Documents in these cases are not charged
			fees.

4A	Licensed Attorney	An attorney licensed by the State of Texas that does not fall into Role 1A- 1D (Judged), Role 2 (Attorney on the Case), or Role 3A-3B (Clerks)	All cases and documents statewide not marked "Confidential" or "Sealed". Documents in these cases are charged the set document access fees.
4B	Justice Partner	Staff designated by the clerk that are justice partners of the jurisdiction including probation staff and staff of a personal bond office.	All cases and documents within their jurisdiction not marked "Sealed". Documents in these cases are not charged fees
5	Registered User	Any user that does not fall into any of the other roles.	All cases and documents statewide not marked "Confidential" or "Sealed" that are allowed in Section 5.4 (Registered User Matrix). Documents in these cases are charged the set document access fees.

5.2 DOCUMENT SECURITY LEVEL

The Document Access System applies document image security at the case level (if needed) and at the document image level. For clerks that integrate to the electronic document access system, local case management security is mapped to these security definitions and controls the security of the case/document.

Public – cases and/or documents in the system can be seen by all roles, including the registered user role (Role 5) if allowed in Section 5.4 below (Registered User Matrix).

Confidential – cases and/or documents can be seen by attorneys on the case and their firm staff (Role 2 permissions), clerks, and clerk administrators in the jurisdiction (Role 3 permissions), justice partners (Role 4B permissions), and specific judges (Role 1 permissions).

Sealed – documents can only be seen by specific judges (Roles 1A-1C permissions) and Clerk Administrators (Role 3A permissions) within their jurisdiction. Index information can be seen unless the case is sealed.

5.3 CASE INDEX INFORMATION

The following fields are displayed in the document access system as part of case index information. For offices that are not integrated with the document access system, case index information is populated from the electronic filing manager (EFM). For offices that are integrated, case index information is populated from the local case management system (CMS)

5.4 REGISTERED USER MATRIX

The permissions outlined below mirror the Case Categories and Case Types defined in Section 4 and apply only to Registered Users (Role 5) of the system. Other role definitions and permissions are in Section 5.1 above.

If a clerk uses internal case types in the local case management system that do not match exactly the case types listed, the internal case types must be mapped to the case types listed in sections 5.4.1 through 5.4.6 to be accessible to Registered Users (Role 5).

Index Info – an X indicates that for this case type, case index information is shown.

Protected Style – an X indicates that the case style should be changed to protect the identities of minors. This changes the style for Role 5 (Public) to "Protected vs. Protected". For all other roles, the style remains unchanged.

Docs- an X indicates that document images are available for this case type.

Delay – indicates the number of days delay before the case information and/or documents may be accessed by registered users. The number of days is based on the date the case is filed. In Family Cases, the delay only applies to counties whose population exceeds 3.4 million (See Family Code 6.411).
